

# High Performance Sheetfed Blanket

The FS-55 Plus is an upgraded and high quality standard sheetfed blanket for designed for all print applications especially for commercial coated paper.

Using specially formulated anti-swell surface compounds and a unique improved low sink carcass, the FS-55 Plus provides a very high level of durability to ensure trouble less, high quality printing and long life.

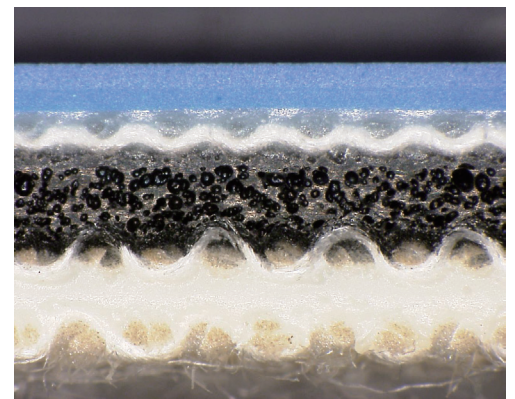

## Product Detail

Color	Light Blue
Rubber Compound	NBR
Fabric Plies	3
Nominal Thickness	1.98 mm
Type	Compressible
Roughness	6 μm
Hardness	81 Shore A
Tensile Strength	70 N/mm

## Features

- Out-performs and out-lasts other blankets
- Superior dot reproduction and solid density
- High resistance to ink staining and paper-edge marking
- Superior ink transfer and sheet release
- Good smash recovery
- Reduced Adhesion of paper dust
- Easy cleaning
